Duvet & Bed Skirt

# SmartZip

## Duvet

The SmartZip Duvet uses an innovative new fabrication technique to make it faster and easier to add inserts into a duvet. It reduces the amount of fabric used to create the cover and provides a more cost effective alternative to standard bed coverings without losing quality, comfort, or style. The zipper also secures the insert firmly into place to create a crisp, clean look.

## Bed Skirt

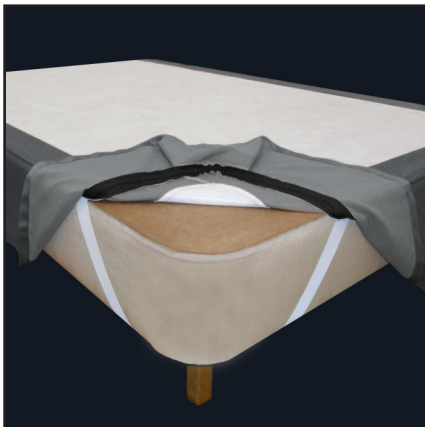

The SmartZip Bed Skirt is a quick and easy alternative to a standard bed skirt. By using a zipper to attach the skirt, removal is simple, allowing the skirt to be laundered or changed efficiently. The innovative design eliminates shifting and removes the need to lift the mattress resulting in reduced time, effort, and risk of injury.
