

Laurinda Spear
Collection

Laurinda Spear, a founding principal of Arquitectonica, created this bold and versatile collection of roller shade designs.

Design the Shade

Choose a color palette that fits your vision. Pair your color selection with the architectural and abstract shapes of the Forms, add dimension with the Textures or create subtle color transitions with the Blends.

Let Hunter Douglas Hospitality bring the design to life on a selection of printable sheer and blackout roller shade fabrics. Contact customdept@hunterdouglas.com or HDHsamples@hunterdouglas.com for custom samples.
