

Milano Real Woods FR

Wood Blinds

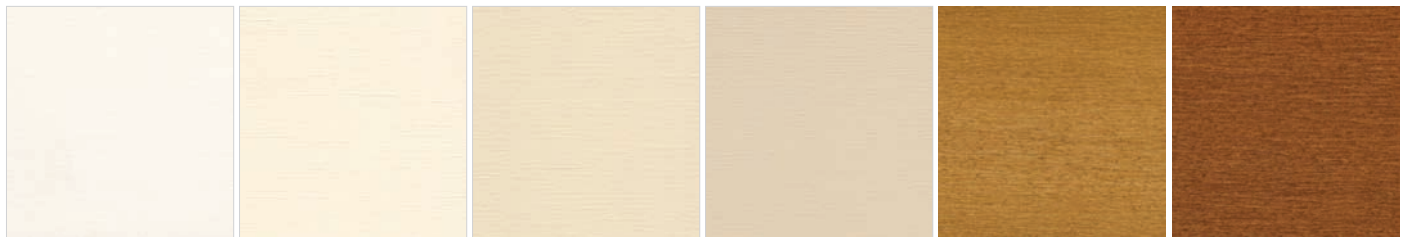

Milano Real Wood FR blinds showcase the warmth and beauty of real hardwoods with the safety and durability Hunter Douglas Hospitality is known for. These blinds are made from 100% Basswood, Poplar, and Cedar which are lightweight, warp-resistant and easy-to-clean wood species.

FEATURES

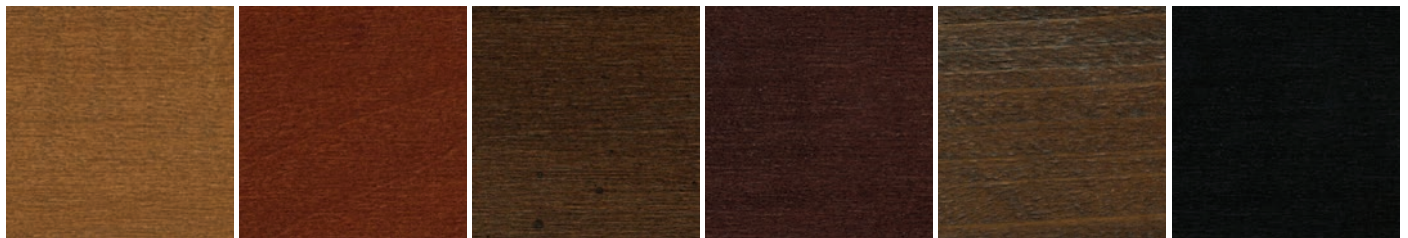

- Classic paint and stain finishes made from natural wood species add interest to any window
- Available in 1", 2", & 2 1/2" slat sizes (see specifications below)
- Slat s are fire retardant and pass NFPA 701
- Standard cord tilt and lift for smooth operation and long-life performance
- Easy magnetic valance installation

FR CLOTH TAPE

Available on 2" slats only

White Duck White Fawn Light Grey Dark Grey Beige Cappuccino Russet Mulberry Dark Green Chocolate Black

CARE AND CLEANING

Regular cleaning with feather duster or soft, clean cloth is suggested. Blinds may also be cleaned using a hand-held vacuum with a brush attachment on low suction. Stained wood blinds should be treated periodically with wood oil or preservative to protect the finish.

Note: Milano Real Woods FR are not intended for use with other window coverings (cornices, roller shades, drapery), which will trap heat between the blind and window resulting in slat warping over time.

Certain wood stain blinds are specifically manufactured with dark braided ladder. Instances of dye transference from ladder to slat have occurred and are not considered to be a defect or warranty issue.
