

# UL Certified Motorization Systems

## Motorized Roller Shades

Hunter Douglas Hospitality is proud to announce that the RB 500 Motorized Roller Shade Systems, when paired with the motors listed below, are UL Certified.

### What is UL?

UL is a global safety consulting and certification company. Architects, regulatory authorities, manufacturers, insurers, building owners, and other partners in the building materials community rely on UL for the services and knowledge that they need to enhance public safety, meet regulatory demands, protect brand value and successfully access the global market (UL.com).

### What does being UL Certified mean?

Being UL Certified means that our products, facilities, and the process of assembling motorized roller shades comply with strict safety standards. Our production facility will have periodic inspections to maintain those standards and will continue to deliver the high quality and performance of Hunter Douglas products.

### RB 500 Motorized Roller Shade Systems

#### Heavy Duty Brackets

- Single Shade
- Coupled Shades
- Single Shade with 5.25" or 9" Pocket

#### 4" Fascia Brackets
