CLEANING CODES	PRODUCT EXCEPTION CODES
P Professional dry cleaning recommended	1 Random textures/slubs will not be pattern matched.
S Solvent or dry clean products	2 Vertical stripes will be cut on the bias on swags and therefore run diagonally. Vertical stripes on pleated products may not evenly appear along pleats.
W Water-based solutions	3 Patterns best suited for shades less than 51" wide.
	4 Pattern will be slightly hidden by the folds of the Hobbled, Front Fold and Reverse Fold Roman Shades.
	6 Fabric not suitable for banding or trim.
	7 Tissue pick fabrics have yarns found along the back of the fabric that can potentially be seen through the lining of window treatments.
	8 Fabric not suitable for blackout lining or interlining.
	9 Fabric not suitable for Hobbled, Front Fold, and Reverse Fold Roman Shades.
	10 Soft Shades - only available for Soft Roman and Slouch Shade.
	11 When Soft Shades are in the "up" position, folds will not lay crisp if vertical tape trim is applied.
