

Duette® FR with LightLock™

Honeycomb Shade

The LightLock™ side channel system combines complete darkness with the sound absorption and energy efficiency of Duette® FR honeycomb shades. Designed to blend seamlessly into the window frame, LightLock™ eliminates the light gap inherent with most room-darkening shades.

- Exclusively available in 3/4" Opaque Duette® with PowerView® Motorization and inside mount.
- MicroShield™ antimicrobial fabric protection
- GREENGUARD GOLD Certified for low-emitting products
- Side channels, and top and bottom end caps are available in Aspen White, Gardenia White and Bronze

Aspen White

Gardenia White

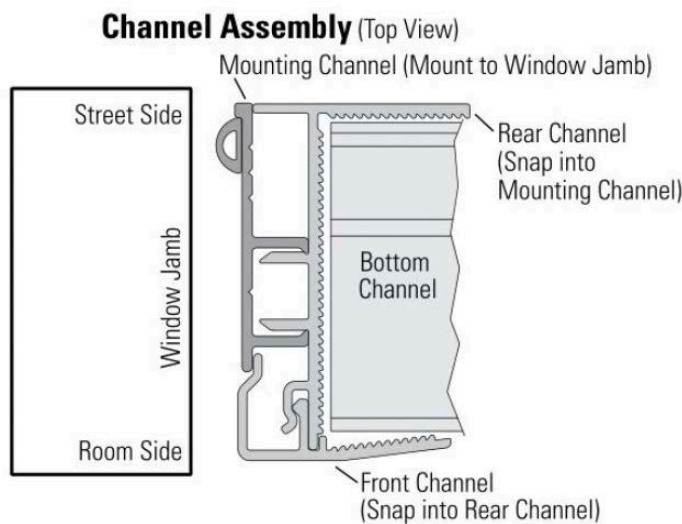

Bronze
